Enroll today - <http://weteachboating.org/>

\$85 for primary student and \$50 for family member of same household who shares the text book.

The Cape Fear Sail & Power Squadron in Wilmington, NC, offers one of the most comprehensive boat training experiences by combining the fundamentals of safe boating found in the *America's Boating Course* classroom with their exclusive 4-hour *Local Knowledge and On-the-Water* teaching cruise that is not found elsewhere. This 2-step approach, with a dedicated staff of local, experienced and certified educators, provides confidence building on how to boat safely on the local waterways. The course is intended for new boaters and as a refresher for experienced boaters new to our coastal waterways. The classroom instruction includes various boating topics such as Rules of the Road, Navigation Aides and Apps, Anchoring, Docking, Communications, and more.
